AUDITORS' REPORT

December 31, 1949

ASSETS

General Account	\$3,599 14
Overseer of Poor Account	900 44
Highway Account	89 88
Fire Protection Account	120 63
On Deposit with Rutland City	300 00
Due from Delinquent Taxes	3,117 43
Net Surplus	1,957 08
	\$10,084 60

LIABILITIES

Highway Orders Unpaid	\$84 60
Loan, Killington National Bank	10,000 00
	\$10,084 60
Alden Pinney Trust Fund	\$276 06
Held in reserve for Flood Account	22,888 65

We have examined the accounts of the various town and town school district officers and believe them to be correct.

The following is a quotation from the State Auditors' Report: "The cash balances reflected by the town books at September 13th and the tax collector's books at September 26, 1949 have been verified to the total of the amount on deposit in banks and the cash on hand."

The complete detailed report is on file at the Town Clerk's office.

We suggest that all Town officers show the actual receipts and expenditures for the current year in their reports. This type of report will show whether or not the department is operating at a surplus or deficit.

DONALD V. RUSSELL,
DONALD S. MacINNIS,
DANIEL A. MURPHY,
Auditors.

DONALD S. MacINNIS,
Auditors.

REPORT OF THE SUPERINTENDENT AND DIRECTORS

January 30, 1950

To the Citizens of Rutland Town:

1950 ushers in a new decade during which our school problems center on community organization to consider consolidation of our building units, quite in contrast to standardization projects of ten years ago.

Our report will include some data and suggestions relating to study and planning toward future adjustments that must be met.

Enrollments

Elementary and high school enrollments and births since 1940.

	'40-'41	'41-'42	'42-'43	'43-'44	'44-'45	'45-'46	'46-'47	'47-'48	'48-'49	'49-'50
Elementary	197	197	181	146	145	162	160	161	169	180
High School	99	72	71	65	68	75	76	65	63	75
Totals	296	269	252	211	213	237	236	226	232	255
Births	22	29	35	23	28	28	26	36	30	30

Notice that school enrollments reached the low points in the middle of the ten-year period.

Births reached a high in 1947 that will strain present facilities beginning by 1953.

We have two less school rooms that accommodated about 50 pupils, since closing the Mill Village and Post rural schools.

In recent years about 10-15% of elementary children have been attending private schools, and they are not included in the above table of figures.

Fewer high school students attended secondary schools during the war years.

Estimated elementary and high school enrollments and births for the next ten-year period.

	'50-'51	'51-'52	'52-'53	'53-'54	'54-'55	'55-'56	'56-'57	'57-'58	'58-'59	'59-'60
Elementary	188	198	209	222	223	232	231	236	235	233
High School	58	59	64	72	85	88	103	104	103	110
Totals	246	257	273	294	308	320	334	340	338	343
Est. Births	30	28	27	26	25	24	24	24	24	24

Birth estimates are scaled down according to statistical forecasts, but with no degree of authenticity. With an influx of new homes, or for many other economic reasons, there might be a continual increase in the school population beyond those estimates tabulated.

Maximum classroom pupil loads now accepted by building codes are: primary rooms, 25; intermediate and upper grade rooms, 30. Our present classrooms will accommodate 215 elementary pupils on that basis.

Present distribution of children to relieve classroom overloads is possible through organized school transportation. By 1953, we will need new facilities to meet crowded conditions, and even sooner, if the figures tabulated are affected by any increased population.

If three or four of the rural schools were to be consolidated into one new building it would be advisable to include extra classroom space because of the tendency for a neighborhood of new dwellings to develop near a newly-erected modern school building.

School Problems Being Studied

Items in the warning of the annual town meeting held in March, 1949 authorized the sale of the Post and Mill Village buildings; abandoned for the school year 1948-1949. Also, another item authorized the school directors to make preliminary plans for purchase of a site for the erection of a consolidated elementary school. Both items were voted favorably, and since then the two schools have been sold at auction; and architectural aid secured in preliminary planning for new facilities.

In addition to twelve monthly meetings concerning current school affairs, some of which time has been devoted to aspects of consolidation, the directors and superintendent have met on seven extra occasions to deal with phases of a new school. Helmer and Cole, associate architects at Woodstock, Vermont, have served as consultants in studying the location of a desirable site, and typical preliminary planning for an elementary school to fit our community demands.

A public meeting has been scheduled at Center Rutland, February 7th, to report on consolidation studies to date, prior to the March town meeting. At that time the official school

district warning may include specific items which will give the voters an opportunity to decide something definite and important on the question of a new elementary school.

Transportation

Services of the Rutland Bus Company to transport school children were renewed. This is the second year during which they have routed buses in such manner as to retain elementary grades 1-3 at Haiti and Cheney Hill; to carry grade 4 children from Haiti to Dyer; and to convey all other grade 4-8 pupils to Center Rutland. An added route this year covers the Chittenden road; and the total number of scholars carried by the Company on all routes reached 76 by December.

A private car operated by Mrs. Jesse Billings carries children in the Center Rutland area; from the Creek Road, West Road, and East Road. Thus, private transportation has been reduced to a minimum, in conformance with the assertion that regular buses may be safer and more economical when large numbers of children are carried to school.

Financial Aspects

Total school expenditures ten years ago, 1940-1941 school year, amounted to \$24,665.54; less state aid of \$2,653.38 (10%) or a net cost of \$22,012.16; with a tax of \$1.40 on a grand list of \$16,719.70. Salaries of nine full-time and one part-time teacher amounted to \$7,967.00, or 36% of net expenditures.

Ten years later, 1948-1949 school year expenditures were \$38,096.78; less state aid of \$6,578.57. More significant, however, for an up-to-date comparison are the estimated figures for the 1949-1950 fiscal year.

Total estimated expenditures are \$41,791.36; less state aid of \$13,679.76 (32%), or a net cost to the town of \$28,111.60; with a tax rate of \$2.10 on a grand list of \$20,408.57. Salaries of eight full-time teachers totaled \$17,850, or 63% of net costs.

In the ten-year period transportation has risen from \$879.20, for 23 pupils carried, to \$6,000 for 95 pupils carried, though the amount of mileage per student is now much greater. High school for 100 students ten years ago was \$8,291.84, whereas this year it amounts to \$10,000 for some 75 students at a corresponding increase in rates; rising from \$125 to \$175 between 1948 and 1950.

Though school expenditures since 1940 have risen 70%, the tax rate has been increased only 50% because of increased state aid. As implied in the principle of state assistance to towns, this has been allocated to supplement town efforts to cope with increasing costs of salaries, tuition, transportation, and administration; not for the purpose of cutting the local school tax.

Repairs and Maintenance

During the past year the Center School classrooms were newly painted, using different colors in the four rooms. Alterations were made in the boys' basement, greatly improving the plumbing and partition arrangements. A roof was built over the outside stairs at the rear of the building, giving necessary protection against weather and falling ice.

Heating conditions at Dyer were studied in an effort to gain more uniform comfort for both rooms. An adult was hired to serve as janitor, with favorable results thus far, though two mild winters have done much to temporarily reduce the problem.

Interior painting was done at the Haiti school. An oil burner was installed in the furnace a year ago, with favorable improvements to heating conditions there.

At Cheney Hill an oil heater, formerly used at Mill Village, was installed in the basement room, because in cold weather the furnace heat does not sufficiently reach downstairs.

Instruction

Only one change occurred in the teaching staff, with Miss Lucy Bishop succeeding Mrs. Betty R. Goodspeed as primary teacher at Center Rutland.

Elementary school subjects are being effectively taught with a group of teachers rating well above average in qualifications and results. The visual aids program at the Center is made possible through use of a motion picture projector. A similar program could operate in the rural schools if they could share in the use of a lighter type of portable machine on a rotating basis. One membership in a film library for the three schools would enable them to gain the use of many films at no greater cost than for return postage.

Revision of the English text books will be completed by another year. Also, a new edition of arithmetic books will replace those not recently brought up to date.

Seasonal events have continued to be numerous and varied much as was reported two years ago. Activities of the Parent-Teacher units at respective schools have contributed to health services, through clinics and school lunch programs. They have also enhanced social activities and given useful materials for classroom use. Those boys and girls who serve on school patrols are worthy of special consideration. Two annual forestry essay contests held in the Rutland-Fair Haven District have had five winners from Rutland Town, who have received a total of thirty-seven dollars in cash prizes. Boys and girls have participated in the Scouts and 4-H organizations with much credit due them for their part at the Rutland Fair and on other occasions.

Recommendations

We recommend operation of our schools for the ensuing year with the present plan of transportation and assignment of pupils to classrooms.

A tax rate of \$1.70 is recommended to meet budgetary demands other than for capital outlay for the ensuing year.

We express our appreciation to respective teachers, pupils, Parent Teacher members, and all who have contributed to the educational work of our town.

Respectfully submitted,
JOHN DAVIDSON, Chairman
MYRON J. BEEBE,
MRS. NORMAN SPAFFORD,
School Directors.

FRANK O. STILES,
Superintendent of Schools.

ANDREW L. ORZEL,
Treasurer.

**VERMONT DEPARTMENT OF SOCIAL WELFARE
MONTPELIER, VERMONT**

In accordance with established custom, we are presenting a summary of State assistance payments during 1949 to individuals applying from Rutland Town.

These payments are financed entirely from State and Federal sources except Aid to Dependent Children in which the town or city participates to the extent of 12½ percent and committed children for whom the municipality reimburses the State for one-half the cost. The cost of all programs reflects to a large degree the economic consequences of the devaluation of the American Dollar in terms of purchasing power and its effect on savings and investments.

Approximately 80 percent of all welfare and assistance in Vermont is now paid by the State. Vermont has proportionately fewer individuals receiving aid and smaller average payments than the National average. Over 95 cents out of each public assistance dollar is paid to recipients and less than 5 cents is used for administration. No other State has a better record.

Old Age Assistance	\$5,255.05
Aid to the Blind	
Aid to Dependent Children	478.95
Adult Crippled Aid	
Committed Children	1,688.22
Total	\$7,422.22

W. ARTHUR SIMPSON,
Commissioner.

WARNING

The legal voters of the Town of Rutland and the Town of Rutland School District are hereby warned to meet at the Town Hall in Center Rutland on Tuesday, March 7, 1950 at 10:00 o'clock A.M. Standard Time to act on the following matters, namely:

1. Shall the Town empower and authorize the Selectmen to appoint one or two Road Commissioners?
2. To choose all necessary officers required by law.
3. Shall the Selectmen act as Overseers of the Poor?
4. Shall the Town vote to raise money by tax, or otherwise, to pay current expenses of the Town, Overseer of the Poor, Highway, County, Fire Protection Taxes, and indebtedness, if by tax, how much?
5. Shall the Town appropriate three hundred dollars (\$300.00) to secure the use of the Rutland Free Library to inhabitants of the Town?
6. To whom and when shall the several taxes be due and payable?
7. Shall licences for the sale of malt and vinious beverages be granted in this Town?
8. Shall spirituous liquors be sold in this Town?
9. Shall the Town authorize the Selectmen to borrow money for the temporary use of the Town?
10. Shall the Town vote to secure the services of the Rutland Fire Department?
11. Shall the Town vote to take advantage of the extra \$25.00 per mile granted to Towns by the State, provided the Town spends \$25.00 per mile of their own money on Town roads outside of winter maintenance?
12. Shall the Selectmen be authorized to construct a two way cement and steel bridge, with an approximate span of eighty-five feet, on McKinley Avenue, in Mill Village, to replace the McKinley Avenue covered bridge at a cost not to exceed \$36,000.00 in accordance with plans and specifications to be furnished by the Vermont State Highway Board.
13. Shall the Selectmen pledge the credit of the Town and Borrow a sum of money not to exceed \$14,000.00 to be used with other funds now on hand to defray the expenses and costs of construction of the new McKinley Bridge in Mill Village.
14. To see if the Town will vote to appropriate a sum equal to five cents (5c) on each dollar of the Grand List of said Town for the support of the Rutland Hospital, a non-profit and non-sectarian hospital, organized and existing under and by virtue of the laws of the State of Vermont, and established in the City of Rutland, County of Rutland and State of Vermont said sum of money to be appropriated for the support of said hospital **only in the event** the legal voters of the City of Rutland at their 1950 Annual Meeting vote to appropriate a sum equal to five cents (5c) on each dollar of Grand List of the City of Rutland for the support of said Hospital.
15. Shall the Town School District vote to raise money by tax or otherwise, to pay current expenses of the School, if by tax, how much?
16. Shall the Town School District pay tuitions for the higher educations of the scholars of said District, if so, how much?
17. Shall the School Board be authorized to borrow money in anticipation of taxes?
18. Shall the Town School District vote a sum of money not to exceed \$80.00 for a scholarship to be awarded a worthy high school graduate of Rutland Town who wishes to enter an institution of higher learning particularly a teacher training college?
19. Shall the Town vote its officers' salaries, if so, how much?
20. Shall the Town authorize the auditors of the Town to employ the services of an accountant as provided for in Section 3603 and Sections 3604 to 3608 inclusive, to conduct an audit of the accounts of the Town?
21. To transact any other necessary, legal and proper business.

Articles No. 1, 4, 6, 15, 16, 19, and 21 will not appear in the Australian Ballot, and will be taken up at 1:30 P.M. The polls close at 3:00 P.M. E.S.T.

Rutland, Vt., February 20, 1950
Grand List \$20,408.57

SHERWIN L. WILLIAMS,
R. C. BUCK,
W. N. SHARP,
Selectmen.
